GENERAL INFORMATION

Airport Check-In — In many of the new airline terminal buildings you may find distances between the ticket counter check-in position and the departure gate greater than normal. Therefore, for your comfort and convenience, may we suggest you plan to arrive at the airport 20 minutes before your flight departure. Bonanza Air Lines tariffs provide for the cancellation of reservations of passengers not checked in at the ticket counter at least 10 minutes prior to flight departure time.

Reservations — When you have reserved return or continuing reservations from your destination city, we recommend you reconfirm the reservations with your airline six hours before flight departure. Upon your advice of a change in your plans, the airline will welcome the opportunity to change your reservations, including the cancellation of those you are unable to use.

International Passengers (Limitation of Liability)— Passengers embarking upon a journey involving an ultimate destination or a stop in a country other than the country of departure are advised that the provisions of a treaty known as the Warsaw Convention may be applicable to their entire journey including the portion entirely within the countries of departure and destination. The Convention governs and in most cases limits the liability of carriers to passengers for death or personal injury to approximately \$8,290 and limits liability for loss or damage to baggage.

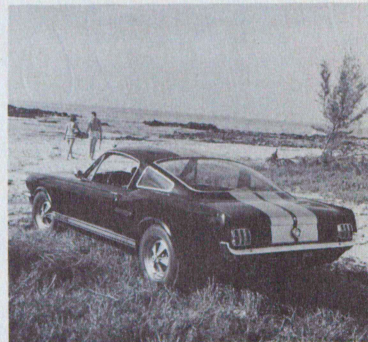

Additional protection can usually be obtained by purchasing insurance from a private company. Such insurance is not affected by any limitation of the carrier's liability under the Warsaw Convention. For further information please consult your airline or insurance company representative.
